Ojai shelter dog deploys to Oklahoma

Moxie searching rubble after deadly tornadoes

Although the National Disaster Search Dog Foundation (NDSDF) is based in Ojai, only two dogs from the Ojai area have ever been selected for training. One of them, Moxie, has been deployed to Oklahoma City after the devastating EF-4 tornado that ripped through the area Monday, leaving dozens dead and hundreds injured. Cell phone service is spotty at best, said Search Dog program manager Kate Horwick so getting updates from Moxie’s handler, Oklahoma firefighter Brent Koeninger, and the other Search Dog teams has been difficult.

Moxie and Koeninger joined 11 other NDSDF-certified teams searching the rubble in Moore, Okla., Shawnee, Okla., and Granbury, Texas. More may be heading out soon. “They’ve been deployed to Oklahoma by a bowling alley, among other places. “The only reason we know about the bowling alley is that we saw one of our dogs on CNN,” Horwick said. “From what we’ve heard, right now, they feel like they’ve done about 20 percent of the search and rescue area.”

Weather is a big factor, and things like lightning and severe storms will force teams to “take cover, to sit and wait. We kind of need everything to cooperate,” Horwick added. “We have no idea how long they might be out there doing it.”

Three-year-old Moxie, originally named Roxy, had lived with a family in Camp Pendleton until she was about a year and a half old, according Humane Society shelter director Jolene Hoffman, when her owner was deployed overseas. She had to surrender her to the Humane Society of Ventura County (HSVC) Ojai shelter. She was there for only a day before several local organizations recognized the local potential as a search dog.

“We got quite a few calls from people in the community that had seen her, telling us about this great dog,” said Horwick. “Most of our dogs come from California, but Moxie is only the second in 15 years to be recruited from the local shelter. She’s very different from most dogs we get — the majority are strays, found on the streets and are never claimed.”

Search Dog workers headed over to the Humane Society and tested Moxie, who quickly showed herself to be a perfect search dog training candidate. The Ojai shelter typically only adopts animals to approved family homes, but, said Hoffman, “Moxie was different.”

“She was so high energy, we knew we could not place her in the average home,” said Hoffman.

Lissie returning to Libbey

Chris T. Wilson
OVN correspondent

When the full moon rises over Ojai Saturday evening, Libbey Bowl will fill up with musicians and fans joining forces to benefit a Haitian orphanage and school started by a local couple after the devastating earthquake there in 2010. Rising rock star Lissie will headline the show and just arrived back in Ojai after a tour of the Midwest and Britain to promote the release of her new single, “Shameless,” and upcoming album, “Changing Tides.”

Orphanage was founded by Ojai residents Emy Reynolds and Todd Hannigan in 2010 after the devasting 7.0 earthquake there killed 220,000 people and left millions of others without homes and basic necessities.

This is the second benefit concert Lissie has headlined in Ojai for Changing Tides. Last August, along with Todd Hannigan and others, she helped raise $17,000 for Changing Tides. On Saturday, Hannigan will perform again, and local singer-songwriter Emi Reynolds will also perform.

“Vince is doing this incredible work not only for the kids in the orphanage, but also for the people in the community,” said Lissie. “Within the community, he has a really positive impact. I like his style; he’s very practical and really cool. He’s just like, ‘I’m in a position where I can help, even if I can only help this handful of kids, I know that is something that is worth doing.’”

Lissie meets kids in Jocmul, Haiti during a recent trip with the Simms to Changing Tides Orphanage.

Government offices, banks, post offices, schools, libraries and many business offices, including the Ojai Valley News, will be closed Monday, May 27, for the Memorial Day holiday. All deadlines for the Wednesday, May 29, issue of the OVN will be moved to Friday, May 24, at noon.
Henry King "Hank" Maynard
July 22, 1928-May 7, 2013

A native of Mount Vernon, Texas, Hank was a member of the United States Air Force during World War II. After completing his tour of duty in 1945, he and his wife, Janet, moved to Ojai in 1964 and have been there ever since. Hank was a volunteer in the history of the community at a very early age. He worked as an electronics technician for the Navy and was a proud U.S. Navy veteran. His last assignment was with the Ninth Air Force in Vietnam. His last active duty military assignment was as a captain on the staff of General William Westmoreland, commander of United States forces in Vietnam.

Hank was a member of the American Legion Post 482 and was very active in the community. He was a scoutmaster for the Boy Scouts of America for seven years and was a member of the Ojai Valley Rotary Club. He was also a very active member of the Ojai Valley Presbyterian Church. Hank was a devoted husband, father, son, brother, and friend to all who knew him.

In 1944, Hank married Janet M. Shaffer, whom he had known since childhood. Hank and Janet had three sons: Hank, Jr., Stewart, and Henry. These sons were very important to Hank and he was very proud of them. He also had two grandchildren and six great-grandchildren. Hank was survived by his wife, Janet, and their three sons.

Hank was a wire-winding technician with the Navy and later ran his own business. He was a very successful businessman and was known for his integrity and hard work. Hank was a very modest man and never sought recognition for his accomplishments. He was a very private man and enjoyed spending time with his family and friends.

Hank passed away on May 7, 2013, at the age of 85. He is survived by his wife, Janet, and their sons: Hank, Jr., Stewart, and Henry. He also leaves his grandchildren and great-grandchildren. Hank will be missed by all who knew him.

WITNESS THE POWER OF 1,000 PAPER CRANES

Inspired by the performance of “1,000 Paper Cranes,” brought to Matilija Junior High School by Brian Bemel and Performances To Grow On, Matilija students made 1,000 cranes. Every one of the school’s 420 students, and every staff member, folded one, after being taught by student Adrielle Walker and the school’s leadership. The cranes were created for a Matilija teacher who is currently battling cancer; they were hung on her door and every staff member, as a symbol of hope and support. On May 9, the school will present “1,000 Paper Cranes,” featuring the cranes made by Matilija students and staff. Performance time is 7 p.m. at the Matilija Auditorium, 7077 Santa Ana Road. Tickets: $25, available at the door, www.metheatherojai.com or (805) 320-2004. Contact Karla B. Tetreault, Legal Assistant, for more information.

SUDOKU

Here’s How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

The tournament were Toyota of Duvall, Jersey Mike’s of Ojai, and the Soule Park Golf Course. Event sponsors included William’s Drugstore, class of 1946, Brian Burke, class of 1988, William Burke-Morgan Stanley Smith Barney, M C G l l a v y Construction, Mike Polstein, class of 1963, California Door and Hardware, Studio 84 West, Taco Construction, T&T Truck and Crane and Pacific Partnership Group.

Proceeds from the tournament will go to the new antismokinal floor and training equipment in the weight room at Clark Gymnasium. Organizers said that due to the funding need, phase I of the program was to be done to reach the $50,000 budget goal, however work is expected to begin on the project over the summer. Villanova knows that the benefits of strength training for all athletes are huge and it is an integral conditioning component for performance in endurance sports like basketball and water polo.

New equipment will improve motivation, results, and optimal training efficiency. Investment in this renovation is an investment in every athletic program at Villanova, says Jermaine Britton, VPS swim and water polo coach. Organizers are planning another tournament for May or June next year at Soule Park.
Young Dubliners to rock the ranch

The Young Dubliners will perform at the Dancing Oak Ranch in Ojai 159 Highway on Saturday at 7 p.m.

Catholic John Frame described it as "a window to the interpersonal relationships of good people who are struggling to respond with vigor to a system that demeans her two daughters, there is in fact a winner, her daughter Dillie wins first prize at the science fair despite all the family distractions and the audience is uplifted by her success, said director Steve Grumette. "It is all focused on dysfunction, as there is too much of humor that peeks through the facade, said..."

"The idea of a moment in my life," Zindel said. "The title of the piece comes from a girl in my chemistry class. She had discovered the heaviest element in the back of a comic book for five dollars, a company would send seeds that had been exposed to gamma rays at Oak Ridge Laboratories. She called the experiment that she finally did for our science fair. The Effect of Gamma Rays..."

The theater group is now called the Marion Marigolds and has a long pedigree and history. "The sound was always the students attending so that each has a chance to shine. Musical Theatre intensive will spend several days learning how to set a song, dance and movement sequences that are part of the chorus and solo work. The afternoon is spent rehearsing a section of the show that is to be sung. This Sunday, the concert will be held outdoors, said director Steve Grumette. The Ojai Pottery and Clay School will offer two sessions of classes for kids this summer.

The Ojai Pottery and Clay School will offer two sessions for kids this summer. The first session will be on Wednesdays from 10 a.m. to noon and is scheduled to begin on June 21 through July 12. The second session will be on Fridays from 10 a.m. to noon and will run from July 19 through August 5.

The cost for each session is $200. Students will be released from school, Pools and pets and soccer fields and basketball diamonds will be full and... parents will begin their annual quest for positive activities for children to fill almost three months of freedom.

Never fear, the Ojai Pottery and Clay School is offering children's clay classes where students between the ages of 9 and 12 can explore the world of clay (or mud if that is more appealing to you). Two sessions are planned, each with four two-hour classes. The first session will be on Wednesdays from 10 a.m. to noon and is scheduled to begin on June 21 through July 12. The second session will be on Fridays from 10 a.m. to noon and will run from July 19 through August 5.

Peter Strauss is known for his roles in television series including "Rich Man, Poor Man," the CBS drama series "Moloney," the PAX series "Body & Soul," and "Masada." His movie credits include "The Jericho Mile," for which he won an Emmy Award, "Soldier Blue," "The Secret of NIMH," "Nick of Time" and "License to Wed." He also operates a commercial citrus orchard in Ojai that produces 440 tons of citrus per year and is an active member of the local community.

Born in New York City in 1947, Strauss was first introduced to acting via the Croton Shakespeare Festival. He was committed to an acting career by the time he graduated from Northwestern University in 1969.

Strauss has also made several appearances with orchestras, and has performed in theatre productions throughout his career. As an Ojai resident, Strauss teaches a course for high-school public speaking, and also serves on many committees, including the Ojai Music Festival and Ojai Film Society.

His gardens have been featured in several periodicals including "Sunset" and "Better Homes & Gardens." The beautiful natural park known as the Peter Strauss Ranch, which now belongs to the Santa Monica Mountains Conservancy, was once his previous residence in Agoura.

On Thursday, from 7 to 9 p.m., Strauss will be in Ojai to talk about his career and life in Ojai.
