Houck bill set for U.S. Senate vote

By Marc Goodwin

Washington, D.C. — The Senate on Tuesday, the Senate Committee on Commerce, Science, and Transportation voted unanimously to send the bipartisan Houck Safe Rental Car Act of 2013 to the Senate floor for a vote.

“It sailed through committee with little amendments,” said Cally Houck, of Ojai, California. “It’s looking real good!”

The Ojai mom has been pushing for rental car safety reform since 2004, when her two daughters, Nichole High school graduates Raechel and Jacqueline Houck.

The sisters, ages 20 and 24, died while driving a PT Cruiser rented from Enterprise Rent-A-Car. It had been recalled for a power steering hose defect that hadn’t been repaired, and as a result, the car lost control, caught fire, and slammed head-on with a semi-truck.

Cally Houck praised the Senate Committee members for their work on this and other bills Tuesday. “Today, everyone who’s even been frustrated because it’s so complicated to get things done — today, they would be amazed,” she said. “It’s a real positive of that bill.”

“We will have more work to do,” said Rosemary Shahan, president of Consumer Research on Auto Reliability and Safety (CARS). “But this is a really strong indication that there’s support for this bill.”

The Houck bill is sponsored by U.S. Sens. Barbara Boxer (D-CA), Charles Schumer (D-NY), Lisa Murkowski (R-AK) and Claire McCaskill (D-MO), and would “close a loophole in safety standards by requiring rental car companies to ground recalled vehicles as soon as they receive a safety recall notice and prohibit them from being rented or sold until they are fixed,” according to an email from Sen. Boxer’s office.

Car dealerships must fix recalled vehicles before selling them, proponents say. “We still have more work to do,” said Sen. Boxer’s office.

“Consumers are working to lessen possible confusion about the Aug. 27 Measure V election. Because six precincts have been first-rate and has greatly accomplished on these projects looking real good!”

Most of the repaving will be done in short increments, with the least amount of a quarter-mile in length.

The longest stretch is on Encino Drive, which will be repaved from Highway 33 to Tierra Road, two-thirds of a mile. Crews will also do drainage improvements where possible.

Also on tap are long-planned and much-debated sidewalks on El Roblar Drive in Meiners Oaks. Work on the new sidewalks, which would be on the south side of the street from Lomita Avenue to La Lusa Avenue, is still a few months away, according to RAEC (Regional Agency for Environment and Community). "It's taking longer than anticipated," he said that there are delays at county government. "We're hoping that breaks ground in early winter."
Family-friendly weekend Spiritual Festival

The Transformation of America, Santa Barbara, is now located in Los Angeles and has recently opened a new spiritual education facility in Ojai. The meadow of Ventura County has been closed to public use.

**Cherry Creek Road reopens as others being repaired**

**Los Padres National Forest officials have announced that Cherry Creek Road (Forest Route 6N01.1) on the south side of Pine Chorro Grande Trail, which is closed to public use.**

**Rate of mile of road which will not be involved in the road project, moderately difficult trail, closed to public use.**

Wednesday marked the opening of the 138th Ventura County Fair, and residents from all over the county rushed to Saticoy Park to enjoy the rides, games, exhibits and entertainment opportunities. Andrea, Andrea (top) and Vedra Voci snagged a selfie on the Mega Loop. The Colbath family, below, opted for a milder fair experience, staying by the face painting booth before playing some games. The Ventura County Fair runs through Aug. 11. Visit www.venturafair.com for a full lineup of events and fair offerings.

Houck: Continued from Page A1
rental companies to be held to the same standard.

“This bill will protect our families by keeping vehicles under safety recall, call off our roads, and it will be working hard to ensure passage by the full Senate,” said Houck.

Under the bill’s curr

rental companies received notice recall notices, they would be required to ground those vehicles within 24 hours (or 4 hours, if the vehicle involves more than 5,000 vehicles). The bill would also fix the cars before putting them back on the road. The companies, like other companies, would have to get funds to correct the recalls. The bill would require all automotive manufacturers to work with the National Highway Traffic Safety Administration or other rental car companies to terminate a recall to ensure the safety of its customers.

Rentals would currently be allowed to keep a vehicle in use if they have not been approved by the PUC. However, if the vehicle is not approved by the PUC, it would be subject to a recall. The bill would also require the PUC to report the number of vehicles that have been recalled and the number that have been approved by the PUC.

The bill would also require rental companies to provide a “customer service number” to customers so they can contact the company if they have a problem. The number would be listed on the company’s website and in their literature.

Houck said that if the bill becomes law, it would be a step in the right direction for consumers.

Judy Collins is one of the featured performers in “Greenwich Village: Music That Defined a Generation,” being screened Sunday at 4:30 p.m. at Ojai Playhouse.

The Ojai Film Society will screen “Greenwich Village: Music That Defined a Generation,” a vi-sor documentary about the Greenwich Village music scene in the 1960s and early 70s and how it sparked lasting politi-cal, social and cultural changes. For the first time, the greatest singer-songwriters, authors and performers from Greenwich Village reflect on how they collectively became the voice of a generation learning for change.

Through interviews, poignant stories, rare archival footage and new live performances, “Greenwich Village: Music That Defined a Generation” is a loving record of a vital time in music history. The film features Pete Seeger, Carly Simon, Judy Collins, Tom Paxton, Arlo Guthrie, and many more.

The Ojai Film Society will screen “Greenwich Village: Music That Defined a Generation” on August 4, 2013. Tickets are $10 for the general public, $7 for students, $5 for senior citizens (65 and older) and free with Fair Admission (except for special events, the OPC Youth Concert and musicals). Seniors (65 and older) and students must show ID. For more information, visit ojaifilm.org or call 646-8270.

The Wheeler Gorge Visitor Center, 17171 Stagecoach Highway, will host host singer-songwriter Judy Collins, who will lead a program covering wildlife, food chains and ecosystems in the forest. Saturday at 10 a.m., $5 for adults and youths and $3 for children. Reservations are required. Call 646-0060.

"THE ART OF CHEATING RELIGIONS" — The As It Is Fellowship will discuss “Five Types of Cheating in Western Religions,” Tuesday at 10:30 a.m. at the Glenade of Ojai, 701 N. Montgomery St., focusing on moral issues and the use of moral language. The film will not discuss EL (13th Century group) that would present a presentation. Call 646-1454 for more information.

FREE SPIRITUAL FESTIVAL — “The Transformation of America Thee, a new national grassroots movement founded by a new national grassroots move-ment founded by Jim Mar-tin of America Thru Love, Inc.” The event will be held Thursday, August 8, through Friday, August 9, from 9 a.m. to 5 p.m. in Libbey Park in Ojai. Everyone is invited to share his or her experience. Call 640-1255 for more details.

The Ojai Art Center, 113 Ojai Ave., will host a free “Lori’s Candyland” event, Tuesday at 10:30 a.m. at 687 Villanova Road. Always free. Call 646-0117.

"SENIORS AND PERSONS WITH DISABILITIES DAY" — The Ojai Art Center, 113 Ojai Ave., will host “Se-me I’m Not Going to the Movies,” Sunday from 6:30 to 9:30 p.m. at 687 Villanova Road. Always free. Call 646-0117.

"GREENWICH VILLAGE: MUSIC THAT DEFINED A GENERATION" — The Wheeler Gorge Visitor Center, 17171 Stagecoach Highway, will host host singer-songwriter Judy Collins, who will lead a program covering wildlife, food chains and ecosystems in the forest. Saturday at 10 a.m., $5 for adults and youths and $3 for children. Reservations are required. Call 646-0060.

Letters to the Editor

The Ojai Valley News, published on Wednesdays and Fridays, is a community newspaper in Ojai, Calif. Other than this edition, subscribers may receive personalized content when you conserve water. Is that fair? Why should you vote “yes” on the water bonds. One good reason is that Casitas Water District, which will buy Golden State when demand and are willing to participate with the city toward a system that will be an alternative to our current one.

We need to research the latest technologies and the costs to determine whether we are producing too much water than we need or if we need to improve our water conservation efforts.

C.L.A.M. is a policy of the California Public Utilities Commission which allows privately owned water companies (Golden State) to increase their rates as they see fit. This serves as an incentive for companies to reduce water consumption. If a customer reduces water consumption, the company may reduce its fixed costs. Golden State gets a larger water rate to cover their fixed costs. When water rates in Casitas Municipal Water District were increased by 8.4%, customers (Ojai residents mostly) should notice a decrease in their water bills. We should thank Casitas Water District for their hard work and commitment to saving water.

Perhaps the problem is that when you are consuming more water than you need, your genetic sequence changes. If you are altering your genetic sequence, you should be aware of the implications.

**Ojai Library bookstore offers wall hanging**

Two Sold Tales, the Ojai Library bookstore, is holding a sale of its Wildflower Trail Map, a representation of Ojai trails surrounded by illustrations of local wildflowers. The map, beautifully illustrated and suited for a wall hanging, is being sold for $5 each. All proceeds will go to the Ojai Valley Library Friends and Foundation. OJLFF, a nonprofit group benefitting the three Ojai Valley libraries.

The bookstore is open daily from noon to 5 p.m. and carries a large selection of used books including fiction, non-fiction and children's books. Prices range from $0.50 for paperback and $2 for hardcover books. The bookstore is operating by OJLFF and staffed each day by dedicated volunteers. The profits are used to fund programs offered at the library like providing money to pay for library books and materials. At present, OJLFF is seeking to add a room onto the present structure at the downtown Ojai Library. The room would be used for programs such as the Homework Center, story time for kids and the numerous other events offered by the library. It could also function as community room for the many groups that flourish in Ojai.

For more information about OJLFF, the books or library programs go to our website www.ovlff.com or call the Ojai Library, 646-1639, Meiners Oaks, 646-4884, and Oak View, 646-1522.

Golf tourney to benefit Ranger baseball

The Nordhoff High School baseball field and the surrounding facility has had well-documented issues over the last several years. In addition to much-needed field repairs, the NHS baseball program is also looking to add a batting cage, a turtle cage for batting practice, extend their backstop fencing and address various additional needs.

In order to help pay for these efforts, a group of supporters are hosting a golf tournament people are looking for 144 golfers to fill the event, which will be held Oct. 5 at the Soule Park Golf Course.

The tournament will be held Oct. 5 at the Soule Park Golf Course. Boyd underscored the importance of the baseball facility improvement, saying: “We really want to add a batting cage so the kids can hit in the off-season and in between seasons. They also need to get a tractor with a spade dog so that the fields can be properly maintained so they are safe and last for a long time.”

Boyd and company are looking for 144 golfers to fill the event, which will be catered by II’s Sports Zone. Boyd underscored the importance of this tournament or if you are interested in donating prizes or becoming a sponsor of the event, contact Boyd at boydclan@att.net.

A hearty turnover with kale and sausage

**Recipe**

**Ingredients**

- 2-1/2 cups flour
- 1-1/2 tsp. salt
- 2-1/2 cups unsalted butter, cut into small pieces
- 1 Tbsp. extra virgin olive oil
- 1 medium onion, quartered
- 1/2 cup unsalted butter, softened
- 1-1/2 tsp. salt
- Cut butter into small pieces
- 1 cup unsalted butter, softened
- Salt and fresh ground pepper to taste
- Kale and Sausage Turnovers

**Instructions**

1. Preheat oven to 400 degrees.
2. Roll out dough on a lightly floured surface to form a 12-by-12-inch square. Cut four 6-inch squares and wrap unused dough in plastic wrap.
3. Melt 1/2 cup unsalted butter in a skillet over medium heat. Add sausage filling. Place four turnovers on baking sheet and brush tops with melted butter.
4. Using a fork, press edges together and fold over to form turnover. Place turnover on baking sheet and brush tops with melted butter.
5. Place one turnover on a baking sheet. Spoon 1/2 cup pastry cream in center of turnover. Bake until center is warm, about 15 minutes.
6. Add sausage filling to center of turnover. Bake until center of turnover is warm, about 15 minutes.
7. Mix flour, salt, and pepper in a small bowl. Cut out 6-inch round pastry. Place turnover on top of round pastry. Bake until turnover is golden brown, about 15 minutes.
8. Allow turnovers to cool on a wire rack before serving.

**Notes**

- This recipe is a small pastry made by covering one half of a piece of dough with filling. It is a perfect snack or dessert.
- Make sure to handle the dough gently to prevent it from sticking to the counter or other surfaces.
- For best results, refrigerate the dough before using.

---

The term turnover has many meanings, pending on its use. In a business context, it refers to the number of times an item is sold and replaced over a certain period of time. In a social context, it can refer to the rate at which individuals join and leave a group or organization. In a political context, it may refer to a change in government or leadership. In a personal context, it could refer to the rate at which one's interests or preferences change. Understanding the context in which the term turnover is used can help to better understand its meaning. In the case of the recipe for kale and sausage turnovers, the term turnover refers to the number of times the dough is folded and shaped before being baked. This process helps to create a flaky and delicious turnover. In the context of the recipe, the term turnover can be seen as a symbol of the process of change and transformation, as the dough is transformed from a simple mixture into a delicious turnover through a series of steps. Understanding the meaning of the term turnover can help to better appreciate the recipe and its potential applications in other areas of life.
