Re: Request for Response to June 16, 2014 letter

Dear Mr. Peterson:

Over one month ago, I sent you a letter dated June 16th regarding the critical public safety issue of the checking of fire hydrants. I have not received a reply to this letter (attached). These issues remain at least as critical today. Would you please provide the information requested in my June 16th letter.

Cordially,

Re: Request for Information

Dear Mr. Peterson:

Thank you for your reply to my recent correspondence regarding water service and fire hydrants in Ojai. With regard to your May 30, 2014 letter to Mr. Rob Clark, I have some follow-on information requests.

I request:

- a) a copy of the procedure used for your 2012 inspection of fire hydrants,
- b) a copy of your company policy regarding how frequently fire hydrants are to be inspected,
- c) a listing of when each of the hydrants was inspected prior to year 2012, and
- d) a copy of all resulting field test records for each hydrant inspected at that time.

Thank you in advance for providing this information.

Cordially,
